<TEXT>I do not want to pay more for my telephone service! I urge
you to reject a flat fee proposal that would change how
contributions are made to the Universal Service Fund. I am
concerned that this proposal could make my current service
unaffordable.

Under the flat fee proposal you are considering, people who make
few long distance calls would pay the same as people or
businesses that make many calls. In other words, low-volume and

primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

PLUS: It's bad enough I have to work 2 jobs just to take care of my family in the USA. This rate hike proposal makes it harder for me and my children to live on a daily basis.

Keep the USF Fair!

Sincerely,

Susan Chesley 310 SE Midway Blvd #101 Oak Harbor, WA 98277
